HTGCD Rule 12.4 Water Utility Service Connection Fee

12.4- A. The district shall levy and collect a water utility service connection fee set by the District of \$300.00 for each new water service connection made. This applies to all new connections by water supply companies using groundwater within the boundaries of the District.

12.4- B. It is the responsibility of the property owner to duly pay the required fee. Upon paying the fee, the individual will receive a certificate of confirmation as proof of compliance. The water supply company must notify the property owner of this obligation and ask to see this certificate before activating the new service.
