	4				

Water level measured by E-line. Quick Foam in well bore made measurements difficult. Will need to re-measure in 1-2 days to allow Quick Foam to settle.

Comments: structure flat w/ Dryer well

UPPER GLEN ROSE (231')
 LOWER GLEN ROSE (41')
 HENSEL (61')
 COW CREEK (77')
 HANNETT (42')
 SLIGO (25')
 HOUSTON (155')
 PALEOZOIC

TD Driller 761.5'
