

20 Day Public Notice: Driftwood Recovery

The Hays Trinity Groundwater Conservation District (HTGCD) received an operating permit application from Driftwood Recovery, 1905 Elder Hill Road, Driftwood. The applicant requested an annual production amount of 4.42 acre feet. The intended well's non-exempt use listed within the application, Commercial. The application has been reviewed and is now administratively complete. District staff recommendation: one-year renewable operating permit for 4.0 acre feet, monthly meter production recording with quarterly reporting to HTGCD, and mandatory drought cutback production restrictions during declared droughts. Permit holders shall curtail maximum annual production during declared droughts according to the drought severity and their individual drought cutback chart. The twenty-day deadline date for HTGCD to accept formal contested case letters concerning this application is October 29, 2019. The application is available for review on the HTGCD website www.haysgroundwater.com. To determine if you have standing in this matter, see HTGCD Rules, Section 5.5 located on-line under Regulatory. Mail concerning submittal of a formal contested case letter shall be sent to: HTGCD, PO Box 1648, Dripping Springs, TX. 78620
