

20 Day Public Notice: Getaway Austin

The Hays Trinity Groundwater Conservation District (HTGCD) received an operating permit application from Getaway Austin, 1405 Pump Station Road, Wimberley. The applicant requested an annual production amount of 1.546 acre feet. The intended well's non-exempt use listed within the application, TCEQ public water supply. The application has been reviewed and is administratively complete. District staff recommendation: one-year renewable operating permit for 1.55 acre feet, monthly meter production recording with quarterly reporting to HTGCD, and mandatory drought cutback production restrictions during declared droughts. Permit holders shall curtail maximum annual production during declared droughts according to the drought severity and their individual drought cutback chart. The twenty-day deadline date for the District to accept formal contested case letters concerning this application is July 2, 2019. The application is available for review on the District's website www.haysgroundwater.com. To determine if you have standing in this matter, see HTGCD Rules, Section 5.5 located on-line under Regulatory. Mail concerning submittal of a formal contested case letter shall be sent to: HTGCD PO Box 1648, Dripping Springs, TX. 78620
