

**HTGCD Notice of Operating Permit Amendment – Lost Springs Ranch WSC**  
**20-Day Public Notice**

The Hays Trinity Groundwater Conservation District (HTGCD) received an operating permit amendment application from Lost Springs Ranch Water Supply Corporation, 600 Cave Springs Drive, Wimberley, TX 78676. The applicant currently holds an operating permit with a maximum annual production of 16.25 acre-feet, and is requesting an increase to 17.73 acre-feet annually. The intended well's non-exempt use listed within the application is labeled as "public water supply." The application has been reviewed and is administratively complete. District staff recommendation: two-year renewable operating permit for 17.73 acre-feet, quarterly meter production recording of monthly use to HTGCD, and mandatory drought cutback production during declared droughts according to the drought severity and their individual drought cutback chart. The twenty-day deadline date for HTGCD to accept formal contested case letters concerning this application is February 26, 2020. The application is available for review on the HTGCD website, [www.haysgroundwater.com](http://www.haysgroundwater.com) under Quick Links > Pending Permit Applications > Permit Amendments. To determine if you have standing in this matter, see HTGCD Rules, Section 5.5 "Contesting Operating Permit and Amendment Applications". HTGCD Rules can be found on our website under Quick Links > Regulatory. Contested case letters must be submitted by mail to P.O. Box 1648, Dripping Springs, TX 78620 before the deadline posted. Contested case letters must contain all of the information listed in Rule 5.5.1(a) to be considered by the HTGCD Board of Directors for standing in a public hearing. Please feel free to call HTGCD at (512) 858-9253 with any questions regarding this or any other District Business.
