PERMIT AMENDMENT APPLICATION

A. CONTACT INFORMATION

For the purpose of requesting annual production increase, a change in ownership, a change in the operating permit term, place or purpose of use, point or rate of withdrawal

Name of Place where groundwater will be used	Lost Springs Ranch Subdivision, Hays County, Wimberley, Texas		
Well Owner's Name	Lost Springs Ranch Water Supply Corporation	Well Owner's Phone Number	512-847-1888
Well Owner's Mailing Address	PO Box 1404	City	Wimberley, TX Zip Code 78676
Well's Physical Address	600 Cave Springs Dr. (Rear of Property)	City	Wimberley, TX Zip Code 78676
Contact Person Responsible to uphold permit	Boyd Merworth	Contact Person's Phone Number	512-567-0700
Contact Person's Company Name	Lost Springs Ranch WSC	Contact Person's Email Address	lostsprings@outlook.com
Contact Person's Name for reporting meter reading	Tim Young @PGMS Inc.	Contact Person's Phone Number	512-894-3322
Contact Person's Email Address	timothy@pgms.net		

B. AMENDMENT PRODUCTION INCREASE REASONING

Provide calculations and a description of your amendment request

Example: Our community is growing and we are building five (5) new homes. We are requesting an increase of 330 gallons per day per home over the course of the year. Our current operating permit is for 2 acre feet. We understand that 1 acre foot equals to 325,851 gallons.

5 Homes x 330 gallons x 1 Year(365 days)
5 x 330 x 365= 602,250 gallons/year
602,250/acre feet = 1.848 AF

We request that Hays Trinity Groundwater Conservation District review our application to increase our current operating permit from 2 acre feet to 3.85 acre feet annually. We understand that we shall submit water service connection forms and fees for each new home prior to connecting.

2020-2021 PERMIT AMENDMENT PRODUCTION INCREASE REQUEST: Current Operating Permit = 16.25 Acre Feet

Lost Springs Ranch (LSR) Water Supply Corporation (WSC) holds HTGCD Permit #195, currently providing water to 44 customers including the LSR Entrance and LSR Still Neighborhood Park area. During the 4 year period since our last permit allocation increase we have added 10 new homes as LSR WSC water customers.

LSR WSC requests an increase in our current operating permit for a possible 4 additional homes to be built during the next 2 year operating permit cycle:

4 homes x 330 gallons x 1 year (365 days)
4 x 330 x 365 = 481,800 gallons/year
481,800/325,851 acre feet = 1.48 acre feet

16.25 acre feet + 1.48 acre feet = 17.73 acre feet

We respectfully request that HTGCD review our application to increase our current operating permit from 16.25 acre feet to 17.73 acre feet for the LSR WSC two year period 01-01-2020 through 12-31-2021.

C. ANNUAL MAXIMUM PRODUCTION REQUEST

Current annual production Requested annual production

Quantity of groundwater per year in Gallons or Acre Feet: 325,851 gallons = 1 Acre Foot

You must submit \$300 along with your amendment application if you are requesting an annual production increase or a change in permit term.

I have submitted the required \$300

D. OPERATING PERMIT TERM

current term Years new term request Years

E. Tier Requirements Select Appropriate Tier

Tier 1 No Test: 2 acre feet or less

Tier 2 Well Performance Test: more than 2 acre feet, less than or equal to 6 acre feet

Tier 3 Aquifer Test: greater than 6 acre feet

See District Rule 11 for requirements. The test well construction notification and Rule 11 is not applicable for drilled and producing wells prior to January 1, 2010, if the well's use is for or similar to the original intended use.

F. TRANSPORTATION AMOUNT INTENDED TO USE OUTSIDE THE DISTRICT BOUNDARIES

None

Quantity of groundwater per year in Gallons or Acre Feet: 325,851 gallons = 1 Acre Foot

G. WELL SITE AND METER INSPECTION

Upon District notification, I give my permission for District staff to enter my property to inspect my well site and meter

Boyd Menowitz

Signature of Well Owner or Authorized Agent

M. SWORN STATEMENT

I certify under penalty of law that this document and all attachments were prepared under my direction or supervision. The information submitted is, to the best of my knowledge and belief, true, accurate, and complete. I am aware there are significant penalties for submitting false information. I agree to operate the well in accordance with the Hays Trinity Groundwater Conservation District's Rules, terms, conditions and all permit provisions. I further state that I am the applicant or am authorized to act for the applicant.

I understand and agree that my typed name is considered my official signature.

H. Other State Laws, Conditions & Requirements

Conformance to HTGCD Rules does not eliminate requirements for the applicant or contractor to conform with other State Laws. Review 30 TAC 290.38(14) and Well Construction Standards

I. PROOF OF PUBLISHED NOTICE

I shall provide the District an affidavit from a locally distributed newspaper of published notice

J. WELL TEST REPORT

Test results from Tier 2 or Tier 3 shall be provided to the District including but not limited to: HTGCD's "Certification of Groundwater Availability" report, geophysical logs, cutting samples, water quality analysis and a well construction diagram.

K. DROUGHT CUTBACK CHART

During HTGCD declared drought conditions, my annual maximum production allowable shall be curtailed by the amounts indicated on my drought cutback chart

L. FLOW METER INSTALLATION

I shall install a totalizing flow meter(s), submit monthly production totals and all required reporting information to the District.

Installation of a 1" pvc pipe is recommended.
