

June 2020 - Keaton Activity Report

- June 2020 Monitoring run
 - Monitor well owners were contacted and informed of precautions taken during well visits.
- Completed and posted the Notice of Candidate Filing Period for the 2020 Board Member Election.
- Received and reviewed the following TCEQ Projects:
 - Parten Ranch Phase 3
 - Headwaters Phase 2
- Created maps for administrative use:
 - Permian Highway Pipeline route w/ 2 mile buffer zone
- Improved Base Map Template for GIS usage
 - Added data for springs located within District boundaries
 - Exported all Base Map Template files to .kml format so that they can be used in Google Earth when needed
- Took over some administrative duties to cover for lack of an office manager:
 - Approve new well registrations
 - Update PWS Connection database
 - Review and approve Quarterly Pumpage Reports
 - Reconcile New Well Construction Notifications with State Well Reports
